Caspar Community, Inc.
is a federally recognized
charitable organization
EIN: 94-3321996

We completed many projects this year thanks to your donations and more are on the way.

We updated our emergency communications by adding a HAM station capable of reaching as far as Eureka. The station is programmed to communicate with all local repeaters and the Coastal HAM simplex network. We've added four handheld radios for use in local emergencies. We have a satellite telephone at the Community Center for longer range communications.

The Barn rebuild is moving along. Funding has been secured, permits have been approved and a contractor selected. Ground breaking will happen soon.

We purchased a large freeze dry unit. The Center will be able to preserve fresh fruits, vegetables and prepared meals for up to 20 years storage.

The electric vehicle charging station is installed and quite popular.

None of these projects would have been possible without your tireless volunteer efforts and your financial contributions.

There are still major projects that we need to accomplish in 2019 and 2020 including re-painting the center, and replenishing our capital reserves.

Please consider a donation to Caspar Community in your year-end financial planning. Caspar Community is a 501C3 charity. Your contribution is tax deductible.

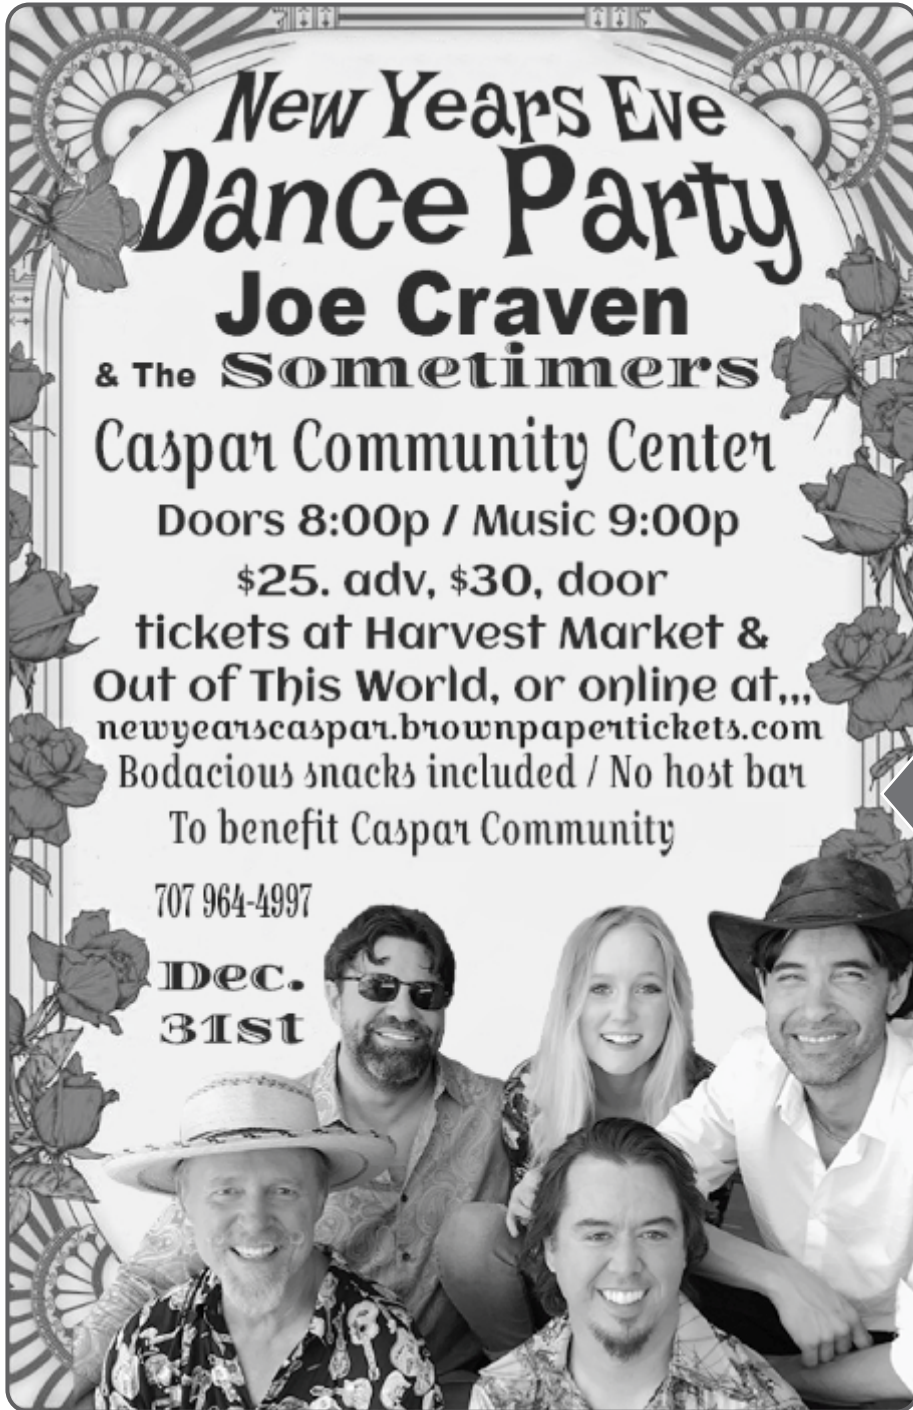

If you cannot make a year-end contribution, please consider joining your friends and neighbors in making a monthly pledge to the Caspar Community. Call the office 964-4997 or visit our website at casparcommons.org for more information.

Thank you!

Bob Frey
